

# Rochdale Playday lots of fun!

By Chloe Hazley, (11)

On Wednesday 5 August, Rochdale held a Playday event in the local park.

The 'Spider', above, was energetic and fun – all the kids on the day enjoyed it.

I asked people, “What do you think about today's event and the theme *Make time?*”

Here are some of their replies...

“Very good event, getting lots of people together to enjoy the park and use it for what it's meant to be used for. Also, bringing communities together doing lots of fun activities, we should do this more often. Fantastic day”

**(Local Police and Community Support Officer)**

“I saw it advertised and have brought my grandchildren. I was looking forward to it and was not disappointed - it is great we should have this more often”

**(June Simpson, grandmother)**

“We should have more events like this over the Summer Holidays”

**(Sophie Mannion, age 10)**

“Its great, really good fun, and somewhere for me to take the kids and not have to spend any money”

**(Anne Ingham, parent)**

“Great, because free, even better because when you got kids, costs a lot of money to take them out for the day. Good variety of events, definitely do it more often, maybe every school holiday because you run out of ideas of what to do”

**(Lindsay Cryer, parent)**

The donkey rides were really popular and some of the children had never been on a donkey before.
